28-29 Feb – Hilton Adelaide

BEVERLEY URANIUM MINE SITE TOUR

Monday 27 February 2012
Limited spaces available – BOOK NOW!

Paydirt Media in conjunction with Heathgate Resources are pleased to once again be holding the annual Beverley Uranium mine site tour.

The Beverley Uranium Mine, located 530km north of Adelaide, opened in 2000 and is one of only three operating uranium mines in Australia and is Australia's only operating In-Situ Recovery Mine. Beverley is licensed to produce up to 1500 tonnes per annum.

A series of wellfields, essentially water bores – pump an oxidizing solution into the orebody which dissolves the uranium minerals before extraction pumps bring the uranium-bearing solution to surface and through PVC piping to plant for treatment.

Delegates will be treated to a full tour of the wellfield and plant as well as receiving presentations on Heathgate Resources.

This trip has sold out every year, so contact us now to be involved, at a cost of $995.00 (inc GST), **this is a mine site tour not to be missed!**
